

Room 5 Corcoran Bldg.  
Washington DC Feb 2, 1888  
Superintendent U.S. Mint  
Philadelphia

Sir

I was awarded a "medal of honor"  
for gallant services in battle during  
the war. For my own information  
and that of my children who will  
prize it after I have been "mustered" out of  
life I have endeavored to get information  
as to the mythology or a description of the  
design which is stamped upon it. I am  
informed at the War Dept. that you  
will have such information given me

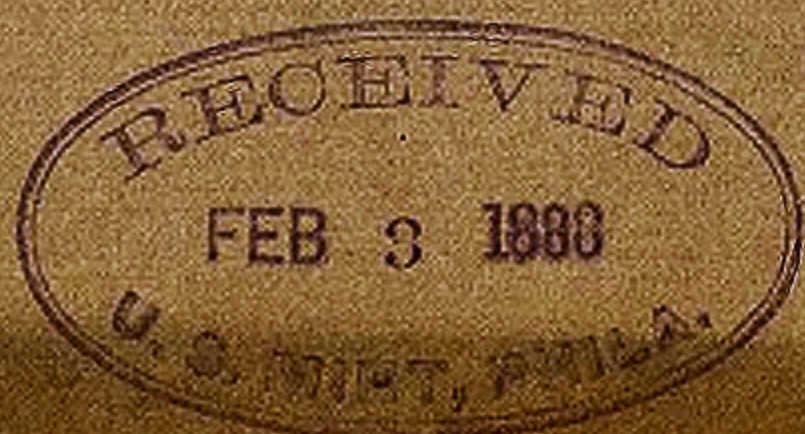

If so I will be under many  
obligations for such information  
in reference to the material and  
design of the medal as may be  
deposited to learn with my children  
Yours truly  
A. Bennett
